C4083 Lotus 25 #3 Sir Jack Brabham Monaco GP (Aust)

The 1963 Monaco Grand Prix saw yet another famous face take the wheel of the iconic Lotus 25 in a GP around the principality. Sir Jack Brabham, the then two-time Formula One world champion drove a Lotus before his own Brabham BT3 and BT7 became available for the season. Whilst Aussie motorsport fans dream to see Sir Jack's BT19 GP Championship winning car as a Scalextric model, it is a pleasure to see any of Sir Jack's cars made by Scalextric!
