## C4084A Tyrrell P34 Swedish GP 1976 Twin Pack (UK)

One of the most radical and recognizable GP cars is the six wheeled Tyrrell P34. First shown at the end of the 1975 season and making its debut in 1976. It's one and only victory was at the 1976 Swedish GP with Jody Scheckter in #3 winning from pole and Patrick Depailler in #4 completing a one-two finish! Another exciting new moulding from Scalextric for 2020 with only 3,000 twin packs released.

Due Jan-Feb
